ZOTAC ZBOX PRO

PI336 PICO

SKU: ZP-PI336

Equipped with a power-efficient Intel Celeron processor, the smallest embedded solution in the ZBOX PRO Series is ideal for IoT-related applications, industrial control, digital signage, and edge computing. With HDMI and DisplayPort outputs in a pint-size chassis, the ZBOX PRO PI336 pico can power digital signage displays deployed in remote or commercial areas where space is limited.

This lightweight and pocketable unit features 4K output that operates at around 12W under load and features a vast array of full-sized connectivity including USB 3.1, Gigabit LAN, WiFi 6E, and Bluetooth 5.2.
